Education

Carnegie Mellon University

Statistics and Machine Learning, 3.88 GPA

Pittsburgh, PA

Aug 2025 - Present

Jackson High School

Valedictorian, 4.0 GPA

Jackson, MI

Aug 2021 - May 2025

Work Experience

Orbitform IT and Data Analytics Intern

- Built an n8n and Python workflow that uses web scraping and AI agents to analyze prospect companies using web scraping and database analysis
- Created a web tool to create proactive outreach for overdue customers using BG/NBD modeling
- Analyzed company-level stock, revealing over \$100,000 in dead inventory with a solution of adjusting lead times using historical data

Full Time

Jackson, MI

May 2026 - Aug 2026

Lean Rocket Lab Website Development Intern

- Created an interactive display board for members to access resources, register for events, and more.

Part Time

Jackson, MI

May 2026 - Aug 2026

Data Science Intern: Resale Depot

- Created an Arduino Giga R1 display tool to upload donation data to a spreadsheet with timestamps
- Performed data analysis with Python, Pandas, and Google spreadsheets

Part Time

Jackson, MI

Sept 2024 - May 2025

Projects

CMU Sports Analytics

- *NBA Expansion Draft*: Room winners for Syracuse Basketball Analytics Competition by analyzing the NBA expansion draft using advantage metrics, expected points, and actual points data: [Presentation Link](#), [Code](#)
- *NFL Two-High Coverage*: Analyzed two-high coverages at Syracuse Sports Analytics Blitz using Pandas, Matplotlib, and NumPy in Python: [Presentation Link](#), [Code](#)
- *Route Lab*: Developed interactive football passing-play simulator: [Code](#)
- *Do or Die*: Analyzed the NFL's two minute drill: [Presentation Link](#), [Code](#)

Data Acquisition: Carnegie Mellon Racing

- Developed an accessible app to convert binary and mdf files to effective visualizations through Tkinter and Matplotlib

Skills

- Problem Solving, Teamwork, Communication, Leadership
- Python, C, SQL, Microsoft Excel, DBeaver, AI prompt engineering

Events

- *GIS Day*: Analyzed mental health correlations via ArcGIS: [Presentation Link](#)
- *CMU Sports Analytics Conference*: Presenters from ESPN, Google, and other universities
- *Veritas Forum Volunteer*: "Is Intelligence Overrated": speakers from Yale and Carnegie Mellon

Leadership Experience

- InterVarsity Small Group Leader, 2611 FRC Robotics Leadership Team, JHS Student Government Senior President, JHS National Honors Society Treasurer, JHS Varsity Soccer Co-Captain, Co-Founder JHS Bible Study, Co-Founder Interwoven Bible Study
